

AJCU Guaranteed Admissions Program for M.S. in Biomedical Sciences

Non-Regis students from Association of Jesuit Colleges and Universities (AJCU) member institutions (United States Jesuit Colleges and Universities) may be eligible for Guaranteed Admission into the M.S. in Biomedical Sciences program if they successfully meet all the following requirements. Complete this form and email it to ruadmissions@regis.edu with unofficial transcripts attached.

No standardized test score (e.g., GRE, MCAT, DAT) or additional supplemental application items are required if a student meets the criteria of a Guaranteed Admission Program. AJCU students not meeting the criteria remain eligible to apply and have their applications competitively reviewed.

Name: _____ AJCU Institution: _____

Email: _____

Check to confirm	Please confirm you have completed the requirements below
	Completed at least three years of full-time study (six regular semesters) through an AJCU school or schools.
	Enrolled full-time in courses for that would fulfill remaining AJCU school graduation requirements by the end of the current academic year. *An exception can be made for up to 9 SH of outstanding coursework that the student intends to complete in the subsequent summer.
	No record of academic misconduct on file at the AJCU institution.
	Request one letter of recommendation from an ACJU science faculty member. Faculty can email letters to ruadmissions@regis.edu
	Have a cumulative AJCU-school grade point average of 3.33 or above.
Completed the <i>Biomedical Sciences Priority Admission Course Requirements</i> below with minimum grades of a B or higher (unless otherwise indicated**).	
	General Biology I: Organismic & Laboratory (B+ or higher).
	General Biology II: Molecular and Cellular & Laboratory (B+ or higher).
	General Chemistry 1 and Laboratory
	General Chemistry 2 and Laboratory
	Organic Chemistry 1 and Laboratory
	Organic Chemistry 2 and Laboratory
	Statistics or calculus
	Humanities (1 year)
	English Composition
	Physics I and Laboratory
	Physics II and Laboratory
	Biochemistry
	At least two of the following upper-division courses with pre-requisite Laboratory if offered. Anatomy, Genetics, Microbiology, Physiology, or Immunology

**Except for introductory biology and chemistry lecture courses for both program areas for which credit has been granted via AP, IB, or College Articulation agreements in high school and recognized by the AJCU institution. These pre-requisites are waived in this circumstance.

Please list any outstanding coursework (up to 9 SH) below with the anticipate completion date:
